SHIP HEALTHCARE HOLDINGS, INC.

SHIP HEALTHCARE HOLDINGS, INC. Acquires ODA-Focused Trading Company, Tec International Inc.

SHIP HEALTHCARE HOLDINGS, INC. (Headquartered in Suita City, Osaka Prefecture; President: Futoshi Ohashi; listed on the Tokyo Stock Exchange; hereinafter “the Company”) has acquired all shares of Tec International Inc. (“Tec International”), a trading company specializing in Official Development Assistance (ODA), and has made it a consolidated subsidiary. Going forward, the Company will actively participate in ODA projects, leveraging synergies with the Company’s founding business.

As a trading company specializing in ODA, Tec International was founded in 1990 by an expert formerly affiliated with the Japan International Cooperation Agency (JICA), based on extensive experience in ODA projects. To date, Tec International has been involved in international contributions in countries around the world for more than 30 years. Tec International has three main businesses:

- (1) in the field of healthcare in ODA
- (2) in fields other than healthcare in ODA (disaster prevention, higher education, cultural support, airport-related, security-related, etc.)
- (3) an import and sales business utilizing the pipeline with the world cultivated through ODA.

Through this investment, the Company will further advance the Group Mission of "Creating environments for medical professionals" in overseas markets.
